NAMB Certification Exams – An Overview

NAMB established the GMA®, CRMS®, and CMC® certification exams to provide members with an opportunity to be recognized as leaders within the increasingly competitive field of mortgage brokering. Specifically, these three distinct, yet complimentary exams are designed to:

- raise the standards and improve the practices of the mortgage brokerage profession;
- identify persons with demonstrated knowledge of the principles and practices of the mortgage profession, its related disciplines, and laws;
- develop a foundation for future leaders in the industry; and
- encourage qualified persons to pursue a program of professional development.

Each exam requires different levels of work experience, the accumulation of qualifying points (awarded based on multiple factors including work experience and formal education) and the passing of a computer-based, multiple-choice test. The GMA®, CRMS® and CMC® certifications are awarded by the NAMB Certification Committee. The credentials identify the certificant as having met the standards of required knowledge, skills, and abilities established by the Committee.

Who	NAMB Credential	Experience Required	Qualifying Points Required*
New Mortgage Broker or Loan Officer	General Mortgage Associate (GMA)	Entry level – no experience required	0 Points
Experienced Mortgage Broker	Certified Residential Mortgage Specialist (CRMS)	At least two years of experience in the mortgage industry	50 Points
Very Experienced Mortgage Broker	Certified Mortgage Consultant (CMC)	At least five years of experience in the mortgage industry	100 Points

* Points accumulated through combination of work experience, related experience, mortgage-related education, formal education, other designations, industry leadership and participation.

Exam Methodology

Developing and maintaining credible and relevant certification programs requires a significant investment of resources. NAMB is fully committed to ensuring that our certification programs remain the most respected designations in the mortgage brokerage industry. The GMA®, CRMS®, and CMC® certification exams are the result of a multi-step process that includes the following steps:

1. Conduct a job analysis. A job analysis is a survey of mortgage industry experts to evaluate their level of knowledge and skills necessary for competent performance. (NAMB repeats this step every five years);
2. Develop the exam using the job analysis findings and create exam questions;
3. Re-validate the exam. Review the content of each exam frequently to ensure that questions remain relevant as the profession evolves; and
4. Conduct performance and fairness reviews. Subject-matter experts and psychometricians review all questions extensively and update or remove outdated questions to stay in line with the natural flux of this industry.

Each exam is designed similarly to provide multiple-choice questions based on select subject-matter areas. The GMA® exam features 125 questions within seven subject-matter areas, the CRMS® exam has 125 questions within five subject-matter areas, and the CMC® exam has 200 questions within six subject-matter areas. *Note: the CRMS® and CMC® exams include additional un-scored pre-test items. See respective handbooks for more details.* In all cases, four answer options are provided for each multiple-choice question. There are no “trick” questions. While no points are awarded for incorrect answers, no points are subtracted for incorrect answers either (i.e., incorrect answers have a point value of zero). This means that if you are uncertain of the correct answer, it is advantageous to make an educated guess.

Because these exams don’t measure “academic excellence” but rather competency, they are scored as either pass or fail. The exams are computer-based and are offered at more than 200 exam sites throughout the U.S.

Additional information about the CRMS® and CMC® exams can be found in separate handbooks available on the NAMB website at www.namb.org.

Value of Certification

Members seeking certification should know that the benefits of achieving this distinction are far-reaching and will enhance your career and reputation. Certification:

- distinguishes mortgage professionals who have received the highest level of professional knowledge available to them.
- helps borrowers select a qualified mortgage professional because certified brokers and loan officers are elite members of the industry. They have shown their dedication to the consumer by obtaining advanced education and demonstrating that they have the skills necessary to provide quality service.
- measures a core body of knowledge shared by competent professionals in the field;
- establishes portable evidence of professional competence, recognized throughout the U.S.; and
- promotes continuing professional development and ensures that certificants stay current with industry trends and changes.

Statement of Non-Discrimination

NAMB does not discriminate against any person on the basis of gender, age, sexual orientation, ethnicity, national origin, religion, disability, or marital status as defined and prohibited by law.

Statement of Confidentiality

- The examination, test questions, and answers contained herein are the exclusive property of NAMB.
- The examination and the items (questions and answers) contained herein are protected by copyright law. This examination may not be copied or reproduced, in part or in whole, by any means whatsoever, including memorization.

- Any theft or attempted theft of exam items is punishable to the fullest extent of the law.

NAMB Code of Ethics

NAMB seeks to establish and maintain the highest standards of conduct and principles among its members. As applicants, NAMB members should recognize their responsibility for maintaining and promoting ethical practices. All NAMB certification applicants, even those who are not NAMB members, shall abide by NAMB's Code of Ethics, which are as follows:

- **Honesty and Integrity:** NAMB members shall conduct business in a manner reflecting honesty, honor, and integrity.
- **Personal Conduct:** NAMB members shall conduct their business activities in a professional manner. Members shall not pressure any provider of services, goods or facilities to circumvent industry professional standards. Equally, Members shall not respond to any such pressure placed upon them.

Lending Integrity Seal of Approval

NAMB saw a need for Hardworking, Professional, Ethical Mortgage Brokers to distinguish themselves from the few bad actors who operate in the mortgage industry. In 2007, the Association launched the Lending Integrity Seal of Approval to allow consumers to easily identify loan originators who have pledged to abide by a National Standard when it comes to a Professional Standards, a Code of Ethics, Continuing Education, and more.

A mortgage professional can only make the Lending Integrity pledge and display the Seal if he or she meets the following criteria:

- Possess current state-issued mortgage broker license or has three letters of reference, including one from a NAMB mortgage broker (if a loan officer).
- Pass a federal criminal background check.
- Complete six hours of continuing education each year, including two hours of ethics training (or equivalent hours over multiple years depending on individual state multi-year licensing cycles). **Note: this requirement is waived for members who hold a valid GMA®, CRMS®, CMC®.**
- Pledge to adhere to the NAMB Code of Ethics and Professional Standards and Professional Standards and Best Lending Practices, and abide by the NAMB grievance review process.

NAMB Membership

If you're not already a NAMB member, consider joining. Established in 1973, NAMB is the only national trade association representing the mortgage broker industry. With 50 state affiliates and more than 25,000 members, NAMB promotes the industry through programs and services such as education, professional certification, and government affairs representation. NAMB members subscribe to a code of ethics and best lending practices that foster integrity, professionalism, and confidentiality when working with consumers.

Membership provides you with all of the products and services that associations typically offer along with services specially tailored to the mortgage industry. Some of the benefits of NAMB membership include:

- entrance into NAMB's extensive grassroots member network;

- comprehensive educational opportunities that are reasonably priced and convenient – members pay a reduced fee for certification exams;
- subscription to *News from NAMB*, a weekly online newsletter, and the *National Mortgage Broker Magazine*, published monthly;
- access to consumer educational materials and other communications tools to help you build and sustain relationships with customers; and
- members-only discounts on a wide array of goods and services, including greatly-reduced rates to attend NAMB's annual convention.

How to Join

NAMB is a professional association with individual members, not mortgage companies. We are proud to have reciprocal membership agreements with many affiliated state associations across the country. This means that most of our members join by first contacting their local affiliated state association.

If you live in a state where we have an affiliated state association, you may join NAMB by completing the membership application for that state association. Your state and national dues are collected as a single fee by the state; then, the national portion is forwarded to us. The vast majority of our members are required to join by this method. Please visit the “Member Resources” section on www.NAMB.org for more information and a complete list of state affiliates.

General Mortgage Associate (GMA)® Certification Exam Information

Section I: Administrative Policies and Procedures for GMA® Certification

Exam Overview

The GMA® is an entry-level certification exam designed as a basic national credential for new residential mortgage professionals. Earning the GMA® signifies that an individual has demonstrated the minimum level of knowledge required to enter the residential mortgage profession.

The exam tests the candidate's knowledge of ethics, rules and regulations of the mortgage industry, the roles and organizations involved in the industry, and the types of products and services offered. While the exam measures a candidate's basic knowledge of the mortgage industry, it does not measure skills or knowledge that would be gained by on-the-job experience. This exam is open to NAMB members and non-members. If you're applying for this exam and are NOT a NAMB member, please visit <http://www.NAMB.org> to find out how you can join.

NAMB created this computer-based exam as a way for those just starting in the mortgage industry to adjust to their new jobs and establish their professional credentials. KRYTERION, our testing service provider, is offering this exam through its secure testing system, Webassessor.

Preparing for the Exam

In preparing for the GMA®, familiarity with the material contained in the Residential Mortgage Lending course (offered by NAMB or state affiliates) and any other mortgage-related courses may be helpful. This exam does not measure skills or knowledge that would be gained by on-the-job experience. In addition, the following may be helpful as you prepare for the exam:

- An online practice exam which gives candidates the opportunity to become familiar with the format of the test questions and provides an indication of preparedness for the actual exam. The practice exam is a 55-question, multiple-choice tool based on the content outline of the GMA®. Once completed, you will be provided with a score report with performance feedback within the seven content areas. There are no prerequisites to take this practice exam.
- Exam specifications, including a content outline, are provided in the table below. You should review each subject area prior to taking the exam.
- Review reference materials related to subject areas as provided in the test specifications below. Materials used during the development of the exam are cited in the Reference List at the end of this handbook. NAMB does not recommend any one source for reference materials; however, you may want to refer to specific sources for help with subjects in which you need additional review.
- Before your scheduled exam date, make sure you know the location of the test site. Know the best way to get there, where parking can be found, and the location of the exam room.

Exam Format

The GMA® exam is computer based and contains 125 multiple-choice questions that fall within seven subject-matter areas. Canceling, Arriving Late or Failing to Appear

If you arrive late to your exam you will be considered absent and will need to reschedule. The same applies to those who cancel or miss the exam altogether. In both cases, you must reschedule your exam within three business days of your original exam date. Failure to do so will result in the loss of all paid fees.

Rescheduling the Exam

There are, however, some exceptions to the above rule which allow you to reschedule your exam. You will be allowed to reschedule free of charge once. NAMB may ask for further documentation as needed. Note: your new exam date must fall within your original one-year exam eligibility period. You may reschedule free of charge if you experience one of the following:

Revocation of Certification

NAMB reserves the right to revoke a GMA® certification if the certificant:

- divulges exam content;
- commits false representation (misrepresents himself or herself, or attempts to take the exam for someone else);
- cheats on the examination;
- violates the NAMB Code of Ethics;
- violates the NAMB Best Business Practices;
- uses the “General Mortgage Associate®” or “GMA®” credential in a

manner which creates the appearance that a business, company, or other group is certified by NAMB;

- otherwise misuses the “General Mortgage Associate®” or “GMA®” designation;

- fails to satisfy the recertification requirements by the 31st day after the certification expiration date.

Recertification

The GMA® certification is valid for three years. To ensure that NAMB-certified mortgage professionals stay current of changes in the industry and to provide continuing professional development, GMA certificants are required to complete at least 30 hours of mortgage-related continuing education every three years to maintain their certification. To recertify for the next three-year period, submit a completed recertification application, recertification fee of \$150 for members and \$250 for non-members, and documentation of successfully completing the required 30 hours of mortgage-related continuing education to NAMB during the last year of your GMA® certification period.

All materials must be received before your current certification expires, so make a note of that date - it is your responsibility to remember when your certification expires. If you don't submit your application before the expiration date, your certification will be suspended for 30 days during which you may still apply for recertification. However, if after 30 days you have not applied your certification will be revoked. If you wish to become certified again, you are welcome to go through the reinstatement process.

Successful recertification depends on submitting a complete application and appropriate fee. Incomplete applications will not be considered.

NOTE: If you hold more than one NAMB Certification, you pay one recertification fee every three years, rather than two or three separate recertification fees.

All NAMB certifications are valid for three years.

Reinstatement

As a NAMB-Certified Mortgage Professional you are required to renew your NAMB certification every three years, through the recertification process. If you do not complete the recertification process within the appropriate timeframe, you are no longer certified and lose the privilege of using the designation.

As a former NAMB-Certified Mortgage Professional, you are eligible to complete the reinstatement process and regain the certification status without retaking the GMA® exam.

You have 2 years from your expiration date to submit a completed reinstatement application, reinstatement fee of \$500 for members and \$600 for non-members, and documentation of successfully completing the required 30 hours of mortgage-related continuing education to NAMB.

If you miss this reinstatement deadline and wish to become certified again, you are welcome to reapply to take and pass the certification exam again.

Mortgage Professionals on the Value of NAMB Certification...

"The GMA certification allowed me to increase my income split as well as build credibility with my clients."

**-Greg Freeman, GMA
Loan Officer
20/20 Mortgage
Georgetown, Delaware**

"With so much negative media about our industry in recent months, I believe it is vitally important for mortgage brokers to strive for the utmost in professionalism and ensure that we are knowledgeable about the industry as a whole. As we collectively represent this industry, the best contribution that we can make individually is to continually work towards higher levels of certification and excellence."

**-Justine Assal, CMC
Vice President
ACM Home Loans
Orlando, FL**

"My CRMS has given me the upper hand many times in working with clients who are still shopping rates. Knowing I have higher education requirements and a commitment to providing the most up to date information gives those shoppers a peace of mind they don't find with anyone else. My certification, combined with my NAMB membership does more to convert those shoppers into valued customers than anything else I could do."

**-Shana L. Sowles, CRMS
Vice President
Person to Person Mortgage, Inc
Overland Park, KS**

"The CMC and CRMS designations place me in the top one percent of the mortgage industry. Certification shows that originators are working towards continuous learning, education and training for example, I want my customers to know that I am committed to gaining the knowledge to inform and educate them on the real estate and mortgage industry. I want them to know that I am committed to them as individuals and that I am equipped with the knowledge to put them in a better financial position."

**-Eric A. Parker, CMC, CRMS
President
Third Financial
Akron, Ohio**

“Getting my CRMS Certification has definitely helped grow my business. I have closed loans because of my certification alone! My certification tells my customers I care enough to be among best of the best. My certification, along with NAMB’s Code of Ethics and Best Business Practices helps me hold my head higher and stand out in the top one percent of the mortgage industry.”

**-Penny Fagan, CRMS
P. Fagan Mortgage, Inc.
Decatur, AL**

“The CRMS designation proves my commitment to the industry and my customers. I have had this designation for over 11 years and it has kept me involved in continued education and updated on industry knowledge. With more education and knowledge I have been respected by customers as their “Go to Person” for financial advice. Having the CRMS next to my name has simply set me apart from other individuals in the industry and opened many profitable doors for me. I would suggest that every loan officer who hopes to be successful in an average market, take the time to invest in this designation.”

**-Laura C. Dantuma, CRMS
President
Prime Investment Mortgage Corp.
Chicago, IL**

“A CMC or CRMS designation will distinguish you from the pack. Everybody else is just talking-the-talk with regard to better serving your customers. With a credential, you’ll be one of the few that is actually walking-the walk.”

**-Gilda Kemp, MBA, CRMS
Branch Manager
Morgan Capital of Arizona, Inc. (FN)
Arizona**

“The CMC designation sets me apart from thousands of mortgage professionals in the United States. I believe this shows my continuing commitment to continued education which I impart to my customers so they may make fully informed financial decisions that will impact their future. As a Certified Mortgage Consultant, my customers can be assured that I deliver exceptional service with honest, open answers and information and that I have a life long goal to provide them with the best tools for their financial success.”

**-Gary N. Smith, CMC
Senior Vice President
Colonial Mortgage & Investment, Inc
Mesa, AZ**

“When I set out to achieve the dual designation of CRMS and CMC my goal was twofold. One was to separate myself from my competition and the other was to promote “added value” to my clients. The designations speak volumes. They show a commitment to excel in my industry and an expertise within. I couldn’t be happier that I made the choice”.

**-Gerald McChesney, CMC, CRMS
President
Mortgage Mentor, Inc.
Austin, TX**
